

# EARLY WARNING

Centre member John Twigg has been appointed to the International Scientific Advisory Board of the United Nations' Third International Conference on Early Warning against natural hazards (EWC III), which will take place in Bonn, Germany, from 27 to 29 March 2006.

EWC III will bring together a wide variety of governmental and nongovernmental actors, scientists and practitioners. It aims to stimulate and help to implement concrete early warning projects on all continents to bridge existing gaps. For further information about taking part in the conference, go to [www.ewc3.org](http://www.ewc3.org).
